

SCAFFEYE is a software specifically designed to make the inspection, handover and project management easier, faster and legally more secure. It offers the ideal digital solution for the management of any scaffolding – **all within one single app!**

The **SCAFFEYE** founders run a scaffolding business themselves and can fall back on more than 30 years of experience in the industry.

With their vast knowledge of requirements and challenges within the industry, the **SCAFFEYE** founders aim to improve the status quo.

YOUR BENEFITS WITH SCAFFEYE:

Increased Safety

- ▶ **Direct reports** of defects on the scaffold through **SCAFFEYE**
- ▶ **Reduce risk** of occupational accidents & absences

Minimised Cost

- ▶ **Avoid scaffolding shutdowns** by being able to take quick measures
- ▶ **Lower costs** compared to traditional administration methods

More Time Efficiency

- ▶ **Improved & smoother communication** with employees
- ▶ **Office-free working:** manage scaffold projects anytime & anywhere
- ▶ **No more return runs** for paperwork

FEATURES OF THE SCAFFEYE APP:

With the objective of making scaffolding much safer to operate, **SCAFFEYE** has developed useful tools for **scaffolders, handymen & safety coordinators** involved in the working process:

Scaffold & Site Management

- ▶ **Create, view & edit different projects**
Scaffolds, construction sites & sections
- ▶ **Construction Diary**
Record, view & track site updates
- ▶ **Notifications on status changes**
Always know what is happening on site
- ▶ **Send shutdown requests for scaffolds**
For safety coordinators
- ▶ **Store & view documents**
Internal (scaffolder) & public (all users)

Documentation

- ▶ **Legally secure time & date stamps**
No more faulty documentation
- ▶ **Central storage of documentation**
Full access at all times

Inspection

- ▶ **Inspect specific construction zones**
- ▶ **Handover & shutdown of certain scaffolding zones**
- ▶ **View inspection history**

Query & Customer Management

- ▶ **Create customer in a database**
- ▶ **Edit queries & orders**
- ▶ **Attach important documents**
Contracts, offers & more

Communication

- ▶ **Contact scaffolder via saved contact details**
- ▶ **Site-specific comment function**
- ▶ **Upload documents**
